

Since our debut in 2012, we have been amazed by the positive response from the Dental Community to our amazing Endodontic Instruments and Products. We will soon become the world's largest rotary NiTi supplier thanks to your buying decisions! You have realized, you can get the best files at half the price.

In addition to our Endodontic Instruments and Products, we now sell carbide burs, diamond burs, finishing burs, metal-cutting burs, polishing burs, and PPE, all at up to half the price of our competitors to help your office. We are also continuing to offer free ground shipping on all orders in 2023!

Thank you for your loyalty and helping us continue our mission of providing a growing product line of Endodontic and General Dentistry items that are twice as good and up to half the cost. Our prices remain low by not over-charging you because we believe that the best instruments should not have to come at a premium price.

To keep up with increased material costs, on January 1, 2023, there will be a slight per pack increase on our files, the 2023 prices are listed below:

EdgeFile® X1, X3, X5, X7 & XR - \$34.95	EdgeOne Platinum™ - \$24.88
EdgeEvolve™ - \$34.95	EdgeOne Fire™ - \$24.88
EdgeTaper™ - \$34.95	EdgeSequel Sapphire™ - \$24.88
