

Since our debut in 2012, we have been amazed by the positive response from the Dental Community toward our amazing Endodontic Instruments and Products. We will soon become the world's largest rotary NiTi supplier, all thanks to your buying decisions! You have realized, cost savings does not have to cost quality and performance.

In addition to our Endodontic Instruments and Products, we now sell carbide burs, diamond burs, finishing burs, metal-cutting burs, polishing burs, and PPE, all at up to half the price of our competitors to provide your office additional ways to save. We are proud to announce we are continuing to offer free ground shipping on all orders in 2024!

Thank you for your loyalty and helping us continue our mission of providing a growing product line of Endodontic and General Dentistry on items that are twice as good and up to half the cost. Our prices remain low by not over-charging you because we believe that the best instruments should not have to come at a premium price.

To keep up with increased material costs, on January 1, 2024, there will be a slight per pack increase on our files, the 2024 file prices are listed below:

EdgeX7 Utopia™	\$35.95	EdgeOne Blaze Utopia™	\$25.88
EdgeTaper Blaze Utopia™	\$35.95	EdgeSequel Utopia™	\$25.88
EdgeFile®X1, X3, X5, X7 & XR . . .	\$35.95	EdgeOne Platinum™	\$25.88

Obturators.	\$35.95	20 pack Obturators	\$100.88

In addition, there will be a nominal price increase on all other products based on current market conditions.

EdgeEndo® will continue to invest in innovation, design and development of the next generation of dental technology.

We appreciate your business!

- Dr. Charles Goodis, DDS, and the entire EdgeEndo® team.
